

Southern Stars Ice Hockey Skirmish

- Coaches & Team Managers to wear vests or jackets so BB staff can identify them if they wish to stand in front of the nets around the perimeter.
- Our team will erect signage to inform spectators to stand at least 1 meter away from nets so puck doesn't hit them through the nets and that bathroom access is only available in between games.
- All hockey gear to be stored in away rooms, caged hockey area or grandstand. **NO** gear to be in skate change area so that public skaters have somewhere to go.
- Overtime is **NOT** to cut into public session or ice cut time but instead their own tournament times.
- **NO ONE** is to walk behind rink building to play in snow dumped from Zamboni
- Cars **NOT** to park next to gas bottles in emergency vehicle area but instead park further away in Big Banana parking if no ice skating parking available
- Teams need to bring their own gear as the local ice hockey club gear is personally owned and not BB to give out, pucks included, or receive permission from the local ice hockey team to lend them.
- Score board also owned by local ice hockey team and requires permission to be used.
- First aid room, fire exits and ramps need to be accessible in case they are needed. **NOT** blocked with coaches gear.
- Only staff, coaches and first aiders are allowed on ice without skates. **NO PARENTS**
- First aiders are welcome to borrow our cleats again so they don't fall if walking on ice but will potentially be used by staff during public sessions or cuts.
- If extension cords are required we will need to contact our maintenance team to bring some beforehand as we don't naturally have any on site.
- **DO** not unplug our security alarm units in gallery area where there is a power source.
- The Ice Rink **DOESN'T** have the facility for cash-outs through the EFTPOS terminal.
- We do **NOT** have keys to the lockers. They are not accessible anymore.
- All stationary must be brought by tournament director. We lose stationary eg scissors every year.
- Gallery kitchen, sink and staff fridge are all available for use if needed for toasted sandwiches etc, however other fridges and kitchen appliances are out of order.
- If the tournament has an official photographer he/she **MUST** also have a designated vest.
- If tournament players would like to participate in a public session, payment would **HAVE** to occur.
- Max. two people in Staff office to control music.
